

# PAL DADHANIYA

## WEB DEVELOPER

Ahmedabad | [Email](#) [LinkedIn](#)

### SUMMARY

- I am an enthusiastic computer engineering student with a passion for web development and competitive programming. I possess skills in HTML, CSS, JavaScript, and have basic knowledge of React and Node.js, complemented by hands-on internship experience. I excel at combining creativity with technical skills to create engaging digital experiences. I am eager to contribute to impactful software projects and grow within a dynamic tech environment.

### TECHNICAL SKILLS

HTML	React
CSS	Node.js
Java script	SQL

### PROFESSIONAL EXPERIENCE

#### Ruhiverse Technologies

Jan 2025- present

- Aspiring full-stack developer with one month of internship experience in building responsive web applications. Experienced in HTML, CSS, JavaScript, Node.js, and React for end-to-end development. Developed dynamic user interfaces and implemented core backend functionality. Focused on writing clean code and delivering practical, user-centered solutions.

#### Spark to ideas

Jan 2023

- Aspiring UI/UX designer with one month of experience in creating user-friendly designs, wireframes, and prototypes. Excited to use my skills in research and design to support a creative team. Committed to making easy-to-use and smart design solutions.

#### Brainybeam

March 2024

- Aspiring Python developer with one month of internship experience. Skilled in Python programming, data handling, and automation. Seeking to use my skills to contribute to projects and grow in a dynamic environment.

### EDUCATION

#### Marwadi University

- Bachelor of Computer Engineering
- CGPA: 6.20 / 10

#### Marwadi University

- Diploma in Computer Engineering
- CGPA: 8 / 10

### PROJECTS

- Lubi Project :** Developed a React.js-based product management dashboard for Lubi Industries, improving product lookup speed by 40%. Used Ant Design for responsive UI and integrated PHP APIs for seamless CRUD operations. Collaborated in a 4-member team, ensuring smooth frontend-backend integration and clean state management. Enhanced user experience with real-time search, form validation, and optimized rendering.
- Portfolio:** Designed and developed a responsive and user-friendly personal web portfolio using HTML, CSS, and JavaScript. Highlights key projects, technical skills, and professional background with clean layout and smooth navigation. Implemented interactive elements and ensured cross-browser compatibility.
